

LifeSolutions®

Less Taxing Tax Prep!

TaxAct™ helps you prepare, print, and e-file your taxes for free.*

With Tax Day approaching, LifeSolutions gives you and your family access to TaxAct, an online tool that helps you easily prepare and file your tax return.

Available through the Work-Life section of our website, TaxAct offers a variety of filing choices, including the option to prepare, print, and “e-file” your federal tax return for free. When you prepare your return and e-file it through TaxAct’s Consumer 1040 program, the accuracy of your return is 100 percent guaranteed.**

Our site also offers a variety of resources to help you achieve financial wellness. Check out our tax-saving strategies webinar, in which we review the different sections of the 1040 tax form step by step, discuss how you can maximize savings, and help you learn more about smart tax planning.
